## Coldwater Gets Sign

*Coldwater, Nhelens.*

Recently workers finished installing the new “Welcome to Coldwater” sign. When RoR News asked Coldwater Chief of Police what he thought of the sign he said “It’s great, I mean, it’s not like the Welcome to Las Vegas sign, but at least people will know where they are.”

## Autopilot's On

*Regional.*

The RAA approved a new Autopilot system for use in all aircraft flying within the Regions. Currently it's been fitted into the Antonov 12's and the Twin Otters.

## Ocean Voyager Departs

The ship Ocean Voyager departed from Island today, with its destination set for North St. Helens.

The ship is a modified Trawler, and has been refitted with sea floor topography equipment

to survey the seafloors. The ship was seen off by the Local Police, the Bus that dropped the crew off and a truck from Rod's Vehicle Repairs. The Ocean Voyager should reach North St. Helens in 4 weeks, although it could be more depending on the weather.

When we asked the captain if he was worried about the journey he said "Well to be honest, No. It's a very good ship, and a good crew, so we should be fine."

## Aspen Air tours Started

A small company is now doing Air Tours in Aspen Grove. They are using a single Twin Otter, and make flights 3 times a week. The flight lasts 20 minutes, and includes free parking.
