Plane Attempts Take Off at F1 Test Track

Plane Disaster in Penguinville

**Certain Parts of Penguinville deemed off limits
to buses**

The ROR Star Issue #2

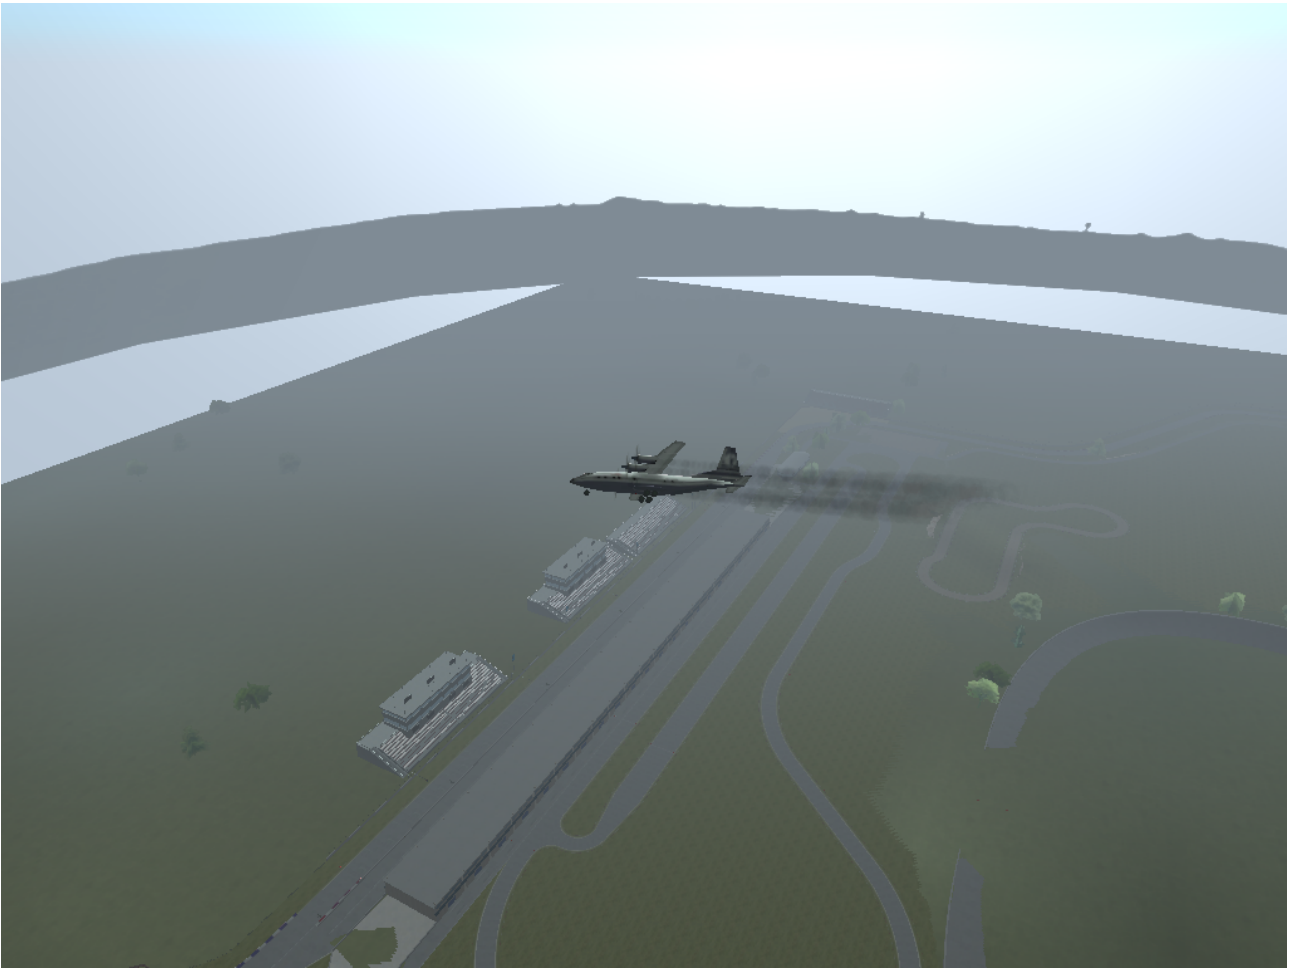

A plane attempted a take off at the F1 test track earlier this week.

Plane preparing to take off.

The plane managed to lift off the ground and gain some altitude, it was in the air for an estimated 30 seconds before the pilot lost control while attempting to land on the 'runway'.

Plane later crashed whilst attempting to land on the makeshift runway.

Although the planes engines were damaged beyond repair, the plane itself was relatively undamaged, apart from damage to the front wheel and slight deformation of the undercarriage.

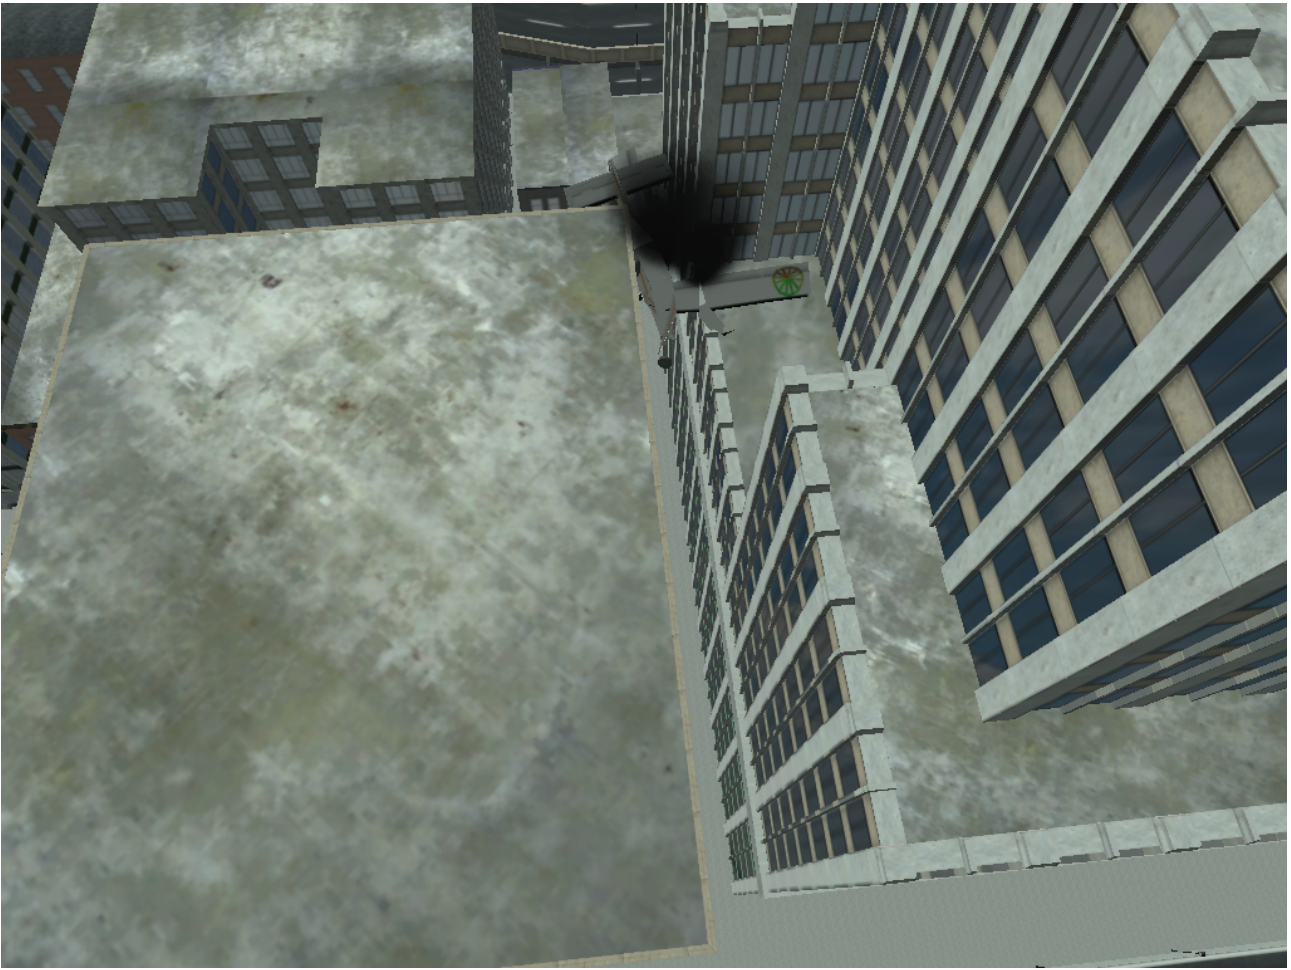

The ROR Star Issue #2

A plane crash occurred in Penguinville this Thursday, the Twin Otter struck the sky scraper at a low speed instantly disabling its engines, the plane fell down the side of the sky scraper becoming wedged between the sky scraper and a smaller building half way down.

Far away view of the Twin Otter stuck between two buildings.

Reports say that there were 2 people present in the aircraft, rescue teams are working to get to the plane.

The ROR Star Issue #2

Certain roads in Penguinville have been deemed unsafe for buses to travel on. This law was passed after a bus was too large to travel under the highway thus becoming stuck.
