

# RoR Start

Light Number #1

- Testing Zetor tractor
- Mercedes 600 test
- Nascar car
- Little Peel's crash test
- Very first greetings from us!

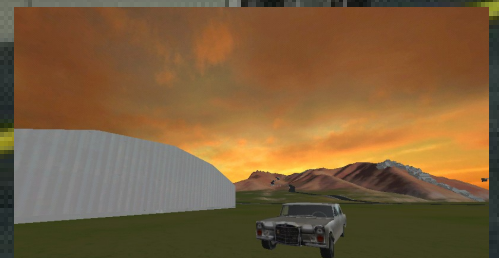

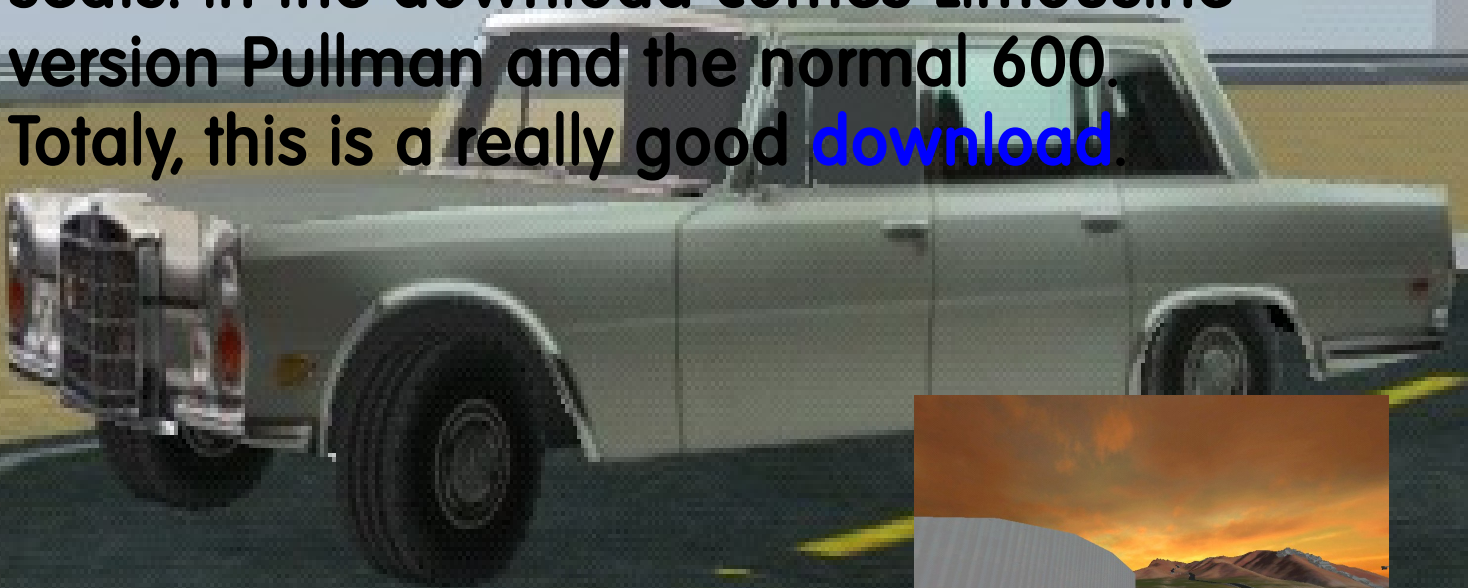

RoR Start keeps you in old and new!

## MERCEDES 600 IN TEST

The old Mercedes Benz, wouldn't believe it! It really isn't bad car. No, it's actually gift from Germany. It might be better car for gentleman in RoR than Lexus.

When you step in to the car and put pedal to the medal, it feels like you are King.

It's actually pretty good at off roading and it's really stable. Only problem is cabin, as you from the picture. You can't even see to back seats! In the download comes Limousine version Pullman and the normal 600. Totaly, this is a really good [download](#).

## Old nascar car

It's the car from Northern America, the Hornet car. This is really good car, stable for race and off road. It's just so stupid to drive because braking stops the car engine. Cockpit is just fine, and the car doesn't broke easily.

## Zetor – the tractor

Zetor is one of the most famous tractors in Rigs of Rods. Steering is really good when comparing to other tractors. The Zetor is legend. Working roof light and many other things to do makes Zetor the best tractor in RoR.

Impressive Cockpit

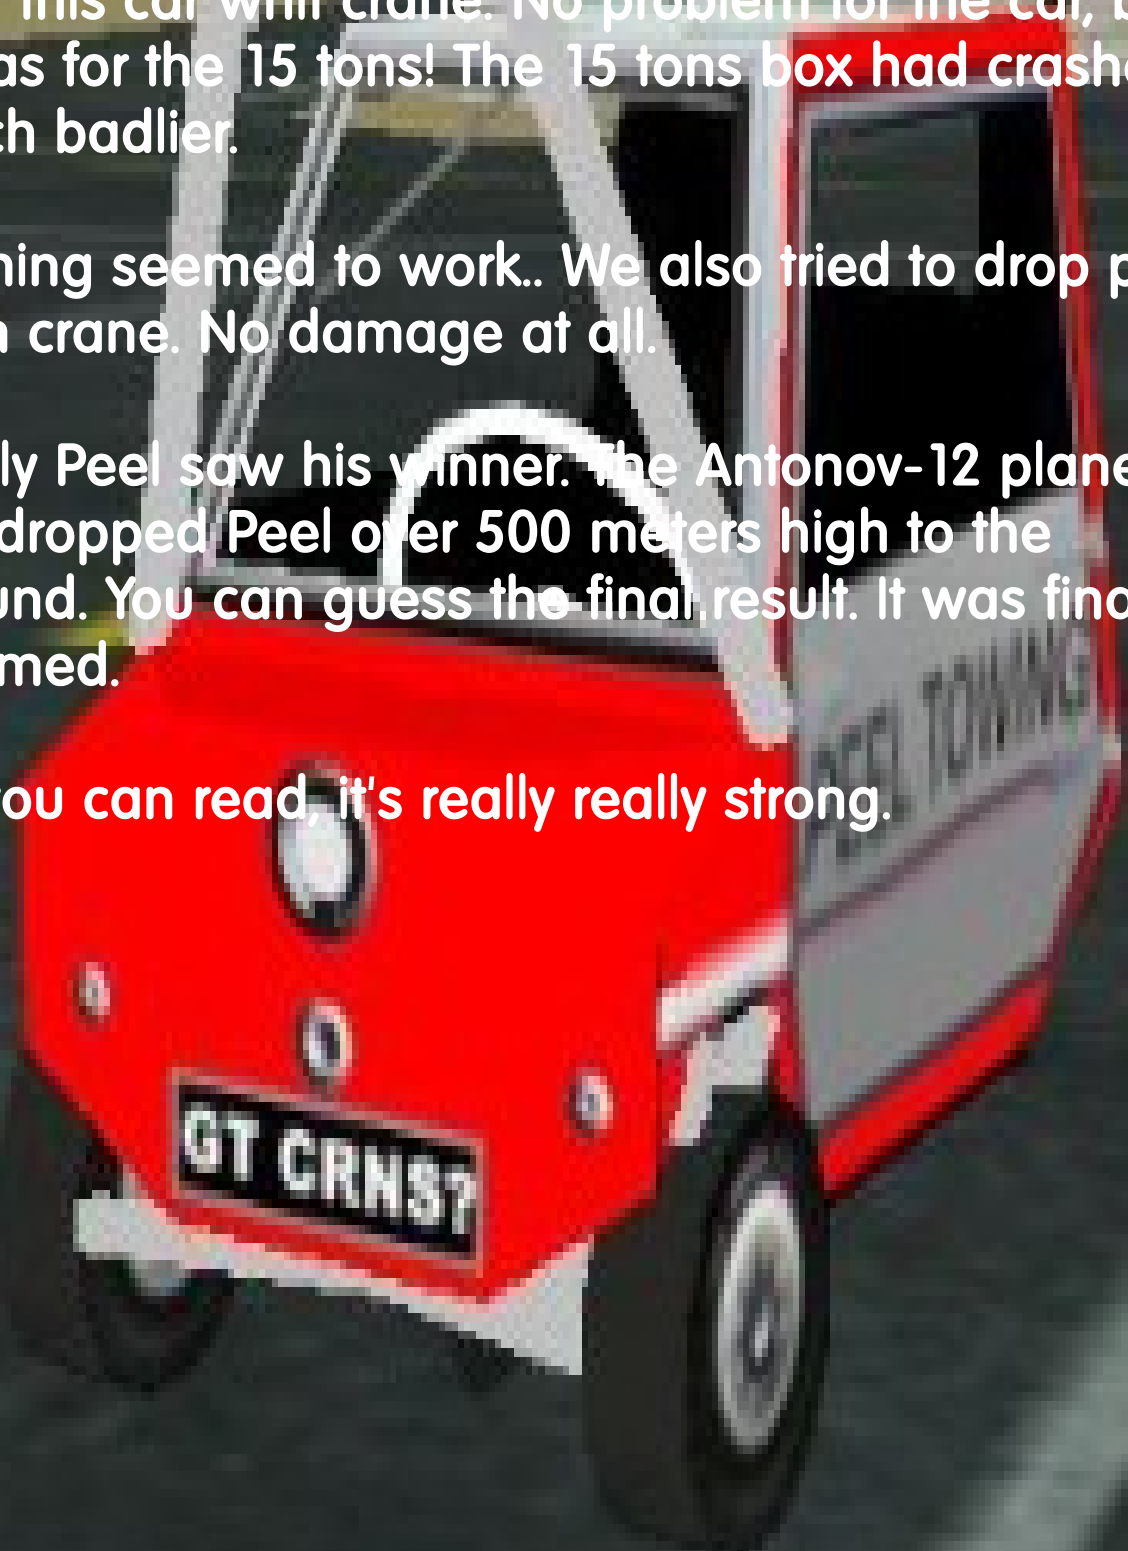

## Peel crash test – Results

Peel looks like little, weak car, but it isn't. It survived from crashing to building in Penguinville, crashing to 13000kg barrier. Those were only little things for Peel. After that, we tried to drop 15 tons over this car with crane. No problem for the car, but it was for the 15 tons! The 15 tons box had crashed much badlier.

Nothing seemed to work.. We also tried to drop peel from crane. No damage at all.

Finally Peel saw his winner. The Antonov-12 plane. We dropped Peel over 500 meters high to the ground. You can guess the final result. It was finally doomed.

As you can read, it's really really strong.

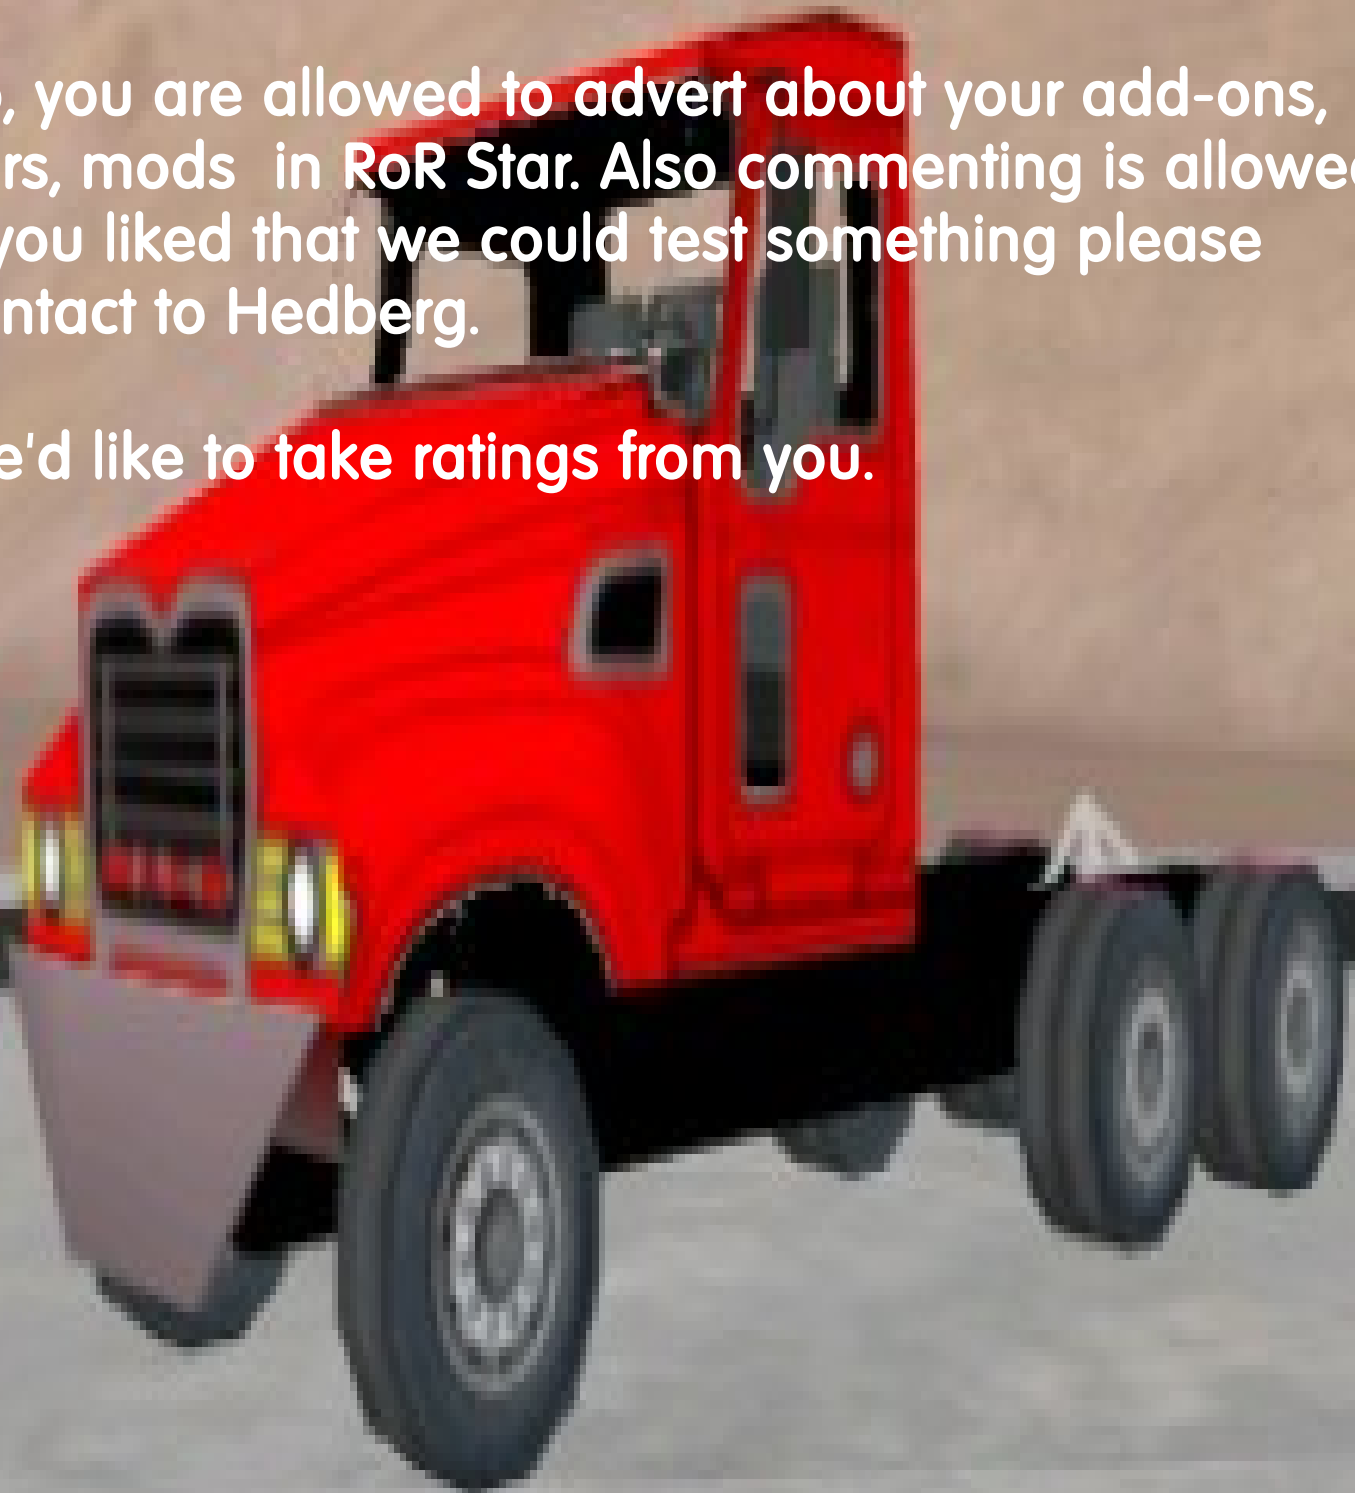

Hello. This was quickly made first number of RoR Start.

In continue, here will be your comments and other things what you would like me to do to this paper.

So, you are allowed to advert about your add-ons, cars, mods in RoR Star. Also commenting is allowed. If you liked that we could test something please contact to Hedberg.

We'd like to take ratings from you.
